

BEE HEALTH

Manufacturing / Production Operative

Are you looking for a job that gives you the work life balance you need? Have you tried working the four on, four off (4 x 4) working pattern? In this pattern you work four consecutive day or night shifts followed by four consecutive days off. Each shift starts at six and finishes at six. This gives you ample time to hit the beach and chill!

Let's get to the point... The starting salary is £9.00 per hour for the day shift and £10.00 per hour for nights. We are passionate about your development and have a great pay scale, the more development you receive the higher your hourly rate.

The role:

We are looking for a great team player who can join our manufacturing team. Here at Bee Health, we are passionate about our people, this role is creating, and blending tablets, capsules, liquids etc. You will be working as part of strong, motivated, and dedicated manufacturing team.

About Bee Health:

Bee Health is the leading UK vitamin, mineral and supplement manufacture for some of the world's largest brands and retailers. We have a state-of-the-art facility in Bridlington. Bee Health was named one of '1000 Companies to Inspire Britain' by the London Stock Exchange Group and awarded 'Supplier of the Year 2016' and 'Best Vitamins, Herbals, Minerals & Supplements Supplier 2016' by the UK's leading health retailer Holland & Barrett.

Responsibilities include:

- Manufacturing and blending tablets, capsules, and liquids produced to the highest standard.
- Working on individual and group machines, operating to achieve required tablets capsules, and liquids.
- Prepare machinery before production and carry out testing to make sure all is in working order.
- Complying with our highest quality standards and that of BRC and Food Standards.
- Ensure relevant records and paperwork are completed on time.

As you would expect, as you will be manufacturing food products, you will be required to wear appropriate safety protection (PPE), and to comply with our high internal quality standards. Don't worry everything is provided for you!

We have been extremely proactive during the COVID pandemic, providing masks, hand sanitiser (which we produce ourselves), temperature checks and lateral flow tests for all. Each area has been reviewed and barriers added where needed.
